

**The R.A. Horn Outstanding Achievement Award Recipient from the  
SST Region 7 area is  
Katana Calbert**

**Katana has flourished in Automotive Technology despite the lab being male dominated. She has persevered through physical and medical challenges to become an outstanding student. Katana is a positive influence on others and has developed positive relationships with her peers. Her Math instructor says, “She is always the first student to arrive to class and is willing to help where needed”. Her Auto Tech teacher says, “Katana does a great job of preparing herself for class. She takes good notes and constantly shows her ability to answer auto-related questions in class above her peers”.**

**Katana’s attendance and grades have improved significantly. She has grown socially and academically becoming a true self-advocate, seeking help from staff when needed. When others are struggling, Katana is willing and able to assist them and takes a leadership role in her Consumer Math class, helping her classmates prepare for upcoming tests and quizzes.**
