

Data & Evidence-Based Practices Sessions 2023-24

What if you could use your data to accelerate the learning outcomes of each K-12 student on an IEP and break down the barriers so that he/she can connect his/her learning to the life each dreams for the future?

Join [Julie](#) & [Steve](#)...

Career Tech Coach

Regional Data Coach

...for this set of workshops designed to coach and encourage you to accelerate both your instructional skills and your students' learning—with the **goal of actionable and gap closing IEPs**—where best practice uses data and evidence-based practices to ensure compliance and desired outcomes, improve and optimize teaching and learning. Join us for one session or all!

Intended Audience: Directors of Special Education, Instructional Leaders, Intervention Specialists, Educators who teach Students with a Disability in Classrooms or Labs
***District, Community, Career Tech TEAMS ALL welcome and encouraged**

Details: **ONLINE 8:30-11:00 a.m.**
