# BUILDING/PROGRAM APPLICATION FOR RECOGNITION

2020 - 2021

The Ohio PBIS Network & State Support Teams identify schools that exemplify best practices in the implementation of Positive Behavioral Interventions and Supports (PBIS). A recognized school demonstrates best practices within its system, and also is open and transparent in the sharing of their knowledge and resources with other schools. In applying for recognition, the school agrees to external verification of its application data and confirms its openness to involvement with the Ohio PBIS facilitation/coaching supports.

PBIS Award level schools have easily identifiable characteristics and are consistent in their methods of: 1) maintaining organized team based planning, 2) maintaining high levels of administrative involvement and support, and 3) systematically collecting, reviewing and applying data using a problem-solving process. These schools do a superior job of enhancing their school climate and culture in support of students and their academic achievement. These schools recognize that improvement in student behavior and achievement requires changes in adult behavior and in school systems.

## **ESSENTIAL ELEMENTS FOR PBIS IMPLEMENTATION**

- Consistent administrative leadership and involvement in support of PBIS.
- School has established team-based structures (e.g. TBT, BLT, DLT, or similar) that assess, problem solve and plan in support of PBIS.
- School has identified 3 to 5 behavioral expectations that are consistently supported throughout the school environments
- Behavioral expectations are systematically and consistently taught and reviewed. There is a system to teach new students and new staff the behavioral expectations for the school.

## ESSENTIAL ELEMENTS FOR PBIS IMPLEMENTATION

- A system of varied, creative and engaging reinforcements and acknowledgements for desired behaviors is maintained.
- There is an organized system and approach to the correction of behavioral errors.
- Collaborative problem-solving and data-based decision making are processes utilized in all team-based structures.
- A multi-tiered system of support is available based upon identified student need.
- Practices are implemented in a culturally responsive manner.

## **Application Instructions**

This completed application, along with the other attachments and supporting documents, must be submitted to the SST PBIS Contact Person by *HARD COPY (unless other arrangements have been made)* no later than May 1st to:

For SST PBIS Contact List by Region: http://education.ohio.gov/Topics/School-Improvement/State-Support-Teams

QUESTIONS? pbisohio@education.ohio.gov

SPECIAL NOTE: If your district has received a "findings" letter from the Office for Exceptional Children saying that your district has significant problems in the area of discipline for students with disabilities, you must show that your school is in compliance, and not contributing to the district's overall issue. Include that in the impact statement.

## **Completed Application is due by May 1st.**

*Impact Statement*— Please include with application! You will need additional paper/pages to include this item.

~ How have you adapted your PBIS framework to meet the needs of your students, families, and staff during the 2020-2021 school year as a result of the pandemic?

~ What is your action plan to reboot your PBIS framework for the next school year (2021-2022)?

## Supporting Evidence to be included with new or going up a level—

Provide samples, products, or examples as evidence of meeting each tiered item. Your evidence should be labeled and organized in order of the criteria listed, from Bronze to Silver to Gold. Please include statement(s) indicating how PBIS implementation has resulted in improved school outcomes. (e.g., climate, culture, academics, attendance, etc.) and the evidence that supports these outcomes.

## **Award Levels:**

Ohio PBIS Schools are recognized at three levels as briefly described below. Note, Silver and Gold Level Award applications require review and verification of an external facilitator.

#### Bronze Level Schools (Developing):

Bronze (Developing) level schools can document evidence of a comprehensive system of behavioral supports at Tier I with a TFI score of at least 70%. Schools in their first year of implementation are only eligible for Bronze Level recognition.

## Silver Level Schools (Proficient):

Silver (Proficient) level schools must meet all the characteristics of Bronze level schools and implement with a higher level of fidelity. These schools also implement Tier II supports with a TFI score of at least 70%. Tier I and II supports are provided through a databased problem solving process within existing team structures. Schools in year 2 of implementation or beyond are eligible for Silver Level Recognition.

## Gold Level Schools (Accomplished):

Gold (Accomplished) level schools must meet all the characteristics of Bronze and Silver level schools and implement with the highest level of fidelity. These schools also maintain Tier II and Tier III supports with TFI scores of at least 70% at each tier. A multi-tiered system of support is provided through a data-based problem solving process within existing team structures. These schools can produce evidence of advanced tiers of PBIS implementation as a result of data-based decision making (pbisapps.org). Gold level schools can produce evidence of well-established systems to provide FBAs (Functional Behavioral Assessments), BIPs (Behavioral Intervention Plans), and inter-agency collaboration to meet the needs of all students. Gold level schools have a history of involvement and support of other schools in their efforts to develop PBIS supports. Schools in year 2 of implementation or beyond are eligible for Gold Level Recognition.

## **Award Assessment Instrument:**

All buildings are encouraged to use PBIS tools for action planning. Schools wishing to apply for Ohio PBIS Recognition will be utilizing the SWPBIS Tiered Fidelity Inventory (TFI). Please visit **www.pbisapps.org** for a complete description and tutorial for completion of this and other supporting tools (i.e., Self-Assessment Survey, School Safety Survey, etc.). Every school team is encouraged to involve a non-team member to facilitate objective completion of the TFI (e.g., external coach, internal coach from neighboring district, etc.). The involvement of a non-team member external to the district in completing the TFI is a requirement for Silver and Gold Application submission.

The SWPBIS Tiered Fidelity Inventory (TFI) is designed to provide one efficient yet valid and reliable instrument that can be used over time to guide both implementation and sustained use of School-wide PBIS. The inventory is completed by the school planning team(s), with the school's PBIS Coach present to provide clarification and consultation, producing three 'scores' indicating the extent to which Tier I, Tier II, and Tier III core features are in place. It is intended to guide both initial implementation and sustained use of SWPBIS, informing development of an action plan that guides team allocation of effort and resources to improve implementation. It is used by the Ohio PBIS Network to identify award level PBIS schools. This is the required instrument.

Your School Leadership Team or PBIS Team will help determine which recognition level best fits your school's accomplishments.
